3. Continue to use and promote Programs of Study with our students.
4. Further develop a relationship with the Explorers program to help maximize our student's exposure to local career posts and giving them career related opportunities.

**Roundtable Discussion:**

The committee was in agreement that this roundtable was very informative and really presented some great opportunities for our students. It was great information and great discussion.

**Topics for Roundtables**

For next year we would like to have a roundtable highlighting the trades (electrician, HVAC, Plumbing, etc.) if possible

**Connections Conference**

A few of the counselors stated they may be attending, but no one was definite at this point.

**Activities for next year--Discussion**

In addition to the career based field site visits for counselors that we discussed at the last meeting, we were thinking maybe a DVR career fair that could be organized and we could each bring a group of students to it.

**Building Updates**

Both Leyden schools put on a Jr. Jumpstart program, which was a one hour evening event for students and parents, with a military speakers, manufacturing speakers, 3 college reps, and scholarship information. Leyden and Proviso also put on recent Parent Universities. Proviso just put on a college/career fair which highlighted, colleges, trades, and military.
