2. Continue receiving career related professional development through roundtable discussions from industry professionals and using that information to help guide our students.
3. Continue to use and promote Programs of Study with our students.
4. Further develop a relationship with the Explorers program to help maximize our student's exposure to local career posts and giving them career related opportunities.

Topics for Roundtables

January 20 is Medical, February is Non-Traditional Careers, and March is TBA. To our knowledge, all meetings will be held at Francesca's in Forest Park

Career Programming Evaluation Tool:

Anne spoke about schools needing to come up with a tool of some sort, like a google form to evaluate any career programming that schools do. Anne would like us to complete this evaluation as a group before we leave the room.

Naviance Career Reports:

What reports are needed? What kind of results is DVR looking for? Career Interest Profiler? Do What You are? Does Naviance have a webinar focused on running reports?

Career Spotlight Presentations Update:

Information Technology at Elmwood Park—reports were the presenter was average but the Google Field Trip was excellent. Reports about the Engineering Spotlight at Ridgewood were very positive. Stephanie at PMSA said to be sure that students have their ID's when they arrive at PMSA for the Finance Spotlight.

Triton Updates:

There will be a visit day on Saturday, December 3 focusing on Health Careers, Engineering, Sport Science, and Criminal Justice.

Dual Credit Updates:

Still hoping to get the online application and schedule up and running soon. Orientation for Dual Credit is November 29th. Registration is currently going on for the spring.
