**2017-18 Goals:**

1. Continue increasing communication between high schools and Triton College with a focus on Dual Credit.
2. Continue receiving career related professional development through roundtable discussions from industry professionals and using that information to help guide our students.
3. Increase counselor knowledge and exposure for our students interested in the trades.
4. Increase experiential learning (site visits) opportunities for counselors/staff to attend and bring information back to their students.

**Roundtable:**

Apprenticeships. Janetta Ryan from Cisco came to talk to us about apprenticeships programs. She provided info on how to get into different programs (info available on their website [cisco.org](http://cisco.org)).
