

DVR Technology & Engineering Education Committee

Meeting 2- Friday, Dec. 7, 2018 8:30 AM-1:30 PM

Triton Main Campus (East), T Building, Room 126

Our goal is to have at least 1 representative from each school at every meeting in order to facilitate communication and help support each school through our interactions with Triton, DVR, and the requirements of our programs in educating our students.

Attendees- Lindsay Longstreth (Leyden), David Weishaar (RBHS), Jason Quint (Proviso East), Matt Dillard (PMSA), Andrew Hebert (Proviso East), Derek Cappaert (Ridgewood), Ryan VenHorst (OPRF)

Manufacturing Programs Focus

AGENDA

Snacks and Introductions

General DVR Information Update (HS and Triton)

Enrollment Discussion for 2019-2020-

RB- fully underway in scheduling for all but Juniors

Leyden- doing videos and tours in January and course selection in late January, early February

OPRF- general scheduling session meetings end of November, now going to individual course enrollment meetings with counselors

Proviso- students are put in pathways as incoming freshmen and then they are pushed to stay on track for their four-year time in high school.

HS Advisory Councils Information Distribution

Each school is continuing with previous business connections and communication strategies to help inform their programs needs and strengths. Leyden is continuing with its metalworking advisory council and discussion among the group revolved around continuing to reach out to potential partners in the local communities.

Action Items

Before the Feb. 14th Meeting, each school should be continuing to generate potential business partners or relationships. We are looking to

have each school come to the meeting with at least three and preferably five or more businesses that can be approached to participate in advising member high schools.

Communicate with Frank Holthouse about the upcoming DVR Tech Trek at the end of January 2019.

Curriculum Updates (share school pathways)-

discussion among offerings at each school took place. There have been no notable changes within each school.

Needs for High Schools

Program and equipment needs should be discussed at each school to be addressed in the late winter and early spring.
