- The healthy eating event is to promote healthy eating, started with young kids, now they want teens/young adults.

- Food is donated by Hotels and Testa produce.
- Students will be making salad/appetizer/entree or dessert.

- Denise revamped the entire curriculum. Changes made were from old course outlines to new format. This is due to Higher Learning Commission.
- Once the changes are approved. Denise will forward the changes that were approved to Jackie
- These changes will need to be reflected in your syllabus/course outlines. Any changes that you make send syllabus changes to Tim Nystrom

### 4. ServSafe Recertification

- Who's Serv-Safe is current, who's lapsed? If we have enough of a need we can do a one day training for all DVR teachers.
- We could use perkins dollars for the training, can budget it for the future year.

- PROCTOR License is what we need to teach the curriculum.
- Students need Managers License from Serv-Safe to waive the intro class at Triton. If they do not hold that, they will have to take the intro course.

## **Early Childhood Education - November 6th, 2019**

### **1. Triton Department Update**

- Course Revisions: Revisions were made to all of the curriculum. Course Descriptions were tweaked, Syllabus' were updated, Textbooks replaced. Ally will communicate any new learning objectives, changes will happen in the Fall. Ally will be in touch with the high schools.
- Evaluation of Student Disposition: Triton is going to start looking to implement this into the intro classes, to start sooner rather than later. May adopt a rubric from Gateways to Opportunity. Triton is looking for Dual Credit intro classes to possibly adopt this as well so high school students get this as well.
- Education Club : Triton took a survey, 87% of students enrolled in Triton EDU wanted this club. High Schools have; Leyden has Future Teachers of America, OPRF is looking into having this club. With the new Perkins 5 legislation, CTE classes must have a club (Fred)

### **2. DVR/Dual Credit**

- Changes to dual credit offerings: Triton removed courses not aligned with credentials. They also had small enrollment numbers, so it was decided to remove them. ECE 151, ECE 152
- ECE 111 is a great class to start with if you have no dual credit
- EDU Dual Credit Offerings include EDU 105, EDU 110, EDU 206 (in Leyden High School)... They are thinking about offering EDU 200 (Intro to Special Ed) for Dual Credit starting next Fall
- All courses (ECE & EDU) were realigned with Gateway outcomes. Changes will occur in Fall 2020. There will be an Increase of assessments (These will be shared out to HS teachers) and observations hours will be increased, but some courses will have less hours needed (ECE 111).

### **3. High School student visits:**

- Triton already held 2 visits this year. If interested reach out to Angela or Ally. The two high school visits occurred on October 16th and November 5th.
- Ally asks if you want to bring your class please email way ahead of time.
- They can provide an admission talk, and education tour

## **Medical Careers- September 27, 2019**

Attendance: Jackie Morris (OPRF), Pam Harmon (Triton), Leyden Teachers unable to attend due to violent incident at their school, No response OPRF teachers

### **1. DVR/Dual Credit**

- Explained Medical DVR to Pam to the best of my ability. I do not teach in the medical field, so I am a bit unsure of the ins and outs.
- Went over what Dual Credit offerings were in the high schools
- Triton offers a class/session called Train the Trainer. This is to be able to teach the nursing assistant class, contact Pam with questions.
- Pam encourages schools to come tour Triton. Students can look at the state of the art rooms, technology, and simulators. There are high school tours in October that are already scheduled. You can email her if you would like you class to visit, she usually runs the tours.
- Looking forward to meeting everyone next time! Look out for an email in January with dates!

## **2. Medical Field**

- We discussed the lack of boys in Nursing field. Pam asks, “What can be done at your school to increase male enrollment?” There is a good article to read, “Why men don’t want jobs done by women”, NY Times.
