**2019-20 Goals:**

1. Continue increasing communication between high schools and Triton College with a focus on Dual Credit.
2. Continue receiving career related professional development through roundtable discussions from industry professionals and using that information to help guide our students.
3. Explore additional/new college and career software solutions (i.e. Xello) that may be more beneficial for our students..
4. Increase counselor knowledge and exposure for students interested in the trades by taking part in experiential learning (site visits) opportunities for counselors, staff, and students.

Needs to be updated!

**Illinois CTE Counselor Academy Webinars**

Counselors from all schools will each divide up a time to each take a webinar and report back to the group.

**CISCO/IBEW Training Facility Counselor Conference Feedback**

Counselors felt there was a lot of really good information at this conference. They would have liked each group to give a quick presentation, rather than only get info from each group by going up to each table. They felt the best plan would be for each group to give a 3-5 min presentation to the large audience, then go into the room with all the tables set up to answer any individual questions and explain more to those that wanted to hear more. There was a consensus that there was too much downtime,

**Harry Ohde from IBEW Training Facility**

Harry had to cancel coming to our meeting due to illness. He said he will be attending the December 13 meeting.

**QCC Tour**

Mike will attempt to set up a date 2nd semester for a tour of the facility

**Young Invincibles**

We will work on a date to bring a rep from this group to come speak at an upcoming meeting.

**Mileage Reimbursement:**

Everyone said they submitted their info. A couple schools reimburse for mileage so they already submitted through the school.

**Building Updates:**

Leyden East and West all freshman students just completed the U Science Aptitude tests. It takes at least 2-3 periods, but tell you your aptitude and ability to do certain jobs. They feel the results are much better than what Naviance offers.

**Triton Updates:**

They are looking to buy a tool assessment that has Holland codes to help students with choosing classes. 2 choices are Career Coach and awato? Asked for feedback.  
Registration is going on.

**Dual Credit Updates:**

Tim was unable to attend and will report out updates at the December meeting.

**Other:**

Anne attended the meeting and presented a bunch of programs, really illustrating the dual credit and what each student would get and the path they would take in each program. She stated there would be 12-13 total. Basically, it gets rid of the list and helps create pathways. We reviewed these brochures, gave Anne some feedback and she emailed us updated copies.
