AS CLOSE TO REAL-WORLD ENGINEERING AS A STUDENT CAN GET.

The NFPA Robotics Challenge is a scholarship program that launched with the 2016-17 school year. In support of the missions of *FIRST*<sup>®</sup> Robotics and National Robotics League (NRL), **NFPA will be offering one merit-based scholarship, for \$40,000 (\$10,000 per year for four years)**, to a high school senior who participates as part of a 2018 *FIRST*<sup>®</sup> Robotics or NRL Competition Team. This scholarship may be used to study engineering at any accredited technical college or university in the United States.

**The goal of the NFPA Scholarship is to bring an awareness of fluid power options in robotics to high school students and to stimulate increased use of fluid power products in these competitions.**
