

DVR Meeting
March 17, 2021
Medical Minutes
Zoom

1. Introductions
 - a. Jackie (OPRF), Pam & Tim (Triton), Ellie & Ashly (Leyden)
2. Updates in classes/schools/e-learning
 - a. Leyden: Great news! Advanced Medical Careers (Med Career 2) has been approved and will be running in 2022. Trying to obtain a second classroom for simulations.
 - i. Gottlieb Hospital has been closed for a year. Students have not had any internship experience. But students are still signing up for the class, great news!
 - ii. Filling internship time with guest speakers.
 - b. OPRF: Our class looks about the same in hybrid as it is remote. We usually only have 2 or 3 students in person for each class. As far as our clinical hours or internship, we are still working to finalize this. We are hoping to partner with Rush Oak Park hospital, but have run into some delays trying to finalize our plans. We are still hoping we will be able to make it happen for this year though. A change we are discussing for next year is to have clinical on 2 days, but smaller groups in the hopes that we can maximize student's bedside time. We are still trying to use video to assess some of our skills. Reach out to Jaclyn if you have any questions.
JAThompson@oprfs.org
 - c. Triton: Students are back in the classroom. Internships/clinicals are all back except Nursing. Nursing students are in desperate need of clinical experience and patient contact to gain the full experience of a student nurse.
 - i. Great news at Triton! They hired a new lab coordinator, Eglá Barrera, eglabarrera@triton.edu Every simulation room is working and up & running. They have observation areas to watch as simulations occur.
 - ii. Plan currently for the fall is to have everyone back.
 - iii. Enrollment is down a bit. But hoping for better numbers in the fall
3. Dual Credit Update - Tim
 - a. Dual Credit Midterm Grades DUE!
 - b. Ask the specialist webinar for students is available. What to do with your dual credits? How to transfer them. Will be a sign-up, one and one time on Monday & Thursdays. Contact Tim for more information. New Dual Credit Specialist, Briceida Tapia will be hosting!
 - c. Fall 2021 Schedule - Hoping for mid-April release.
 - d. 997 students enrolled in Dual Credit overall in the Fall. Over 2,000 students for the spring semester. Huge numbers for Dual Credit!
 - e. Transferology.org - To see where dual credit classes credits can transfer.
4. Perkins Requirements from State
 - a. Under Perkins V every CIP in every school must have an active CTSO or some alternative Team Competition. Every district has FY21 budget lines for curriculum time to create team competitions for next year. You do not need to compete this year, but you need to register and be organized as members so you can participate in FY22

- i. If you have a Health Science program (sports medicine, C. N. A, etc) You must have a HOSA chapter. <http://www.hosa.org/join>
 - b. HOSA has not gotten back to Leyden for over a year. Will continue to try! They have been speaking with the Illinois HOSA rep.**
 - i. Is there another option besides HOSA?**
- 5. Requests from the DVR (trainings, materials, etc)
