2021-22 Goals:

We discussed as a committee our goals for the 2021-22 school year:

1. Continue increasing communication between high schools and Triton College with a focus on Dual Credit and CTE.
2. Continue receiving career related professional development through roundtable discussions from industry professionals and using that information to help guide our students.
3. Increase counselor knowledge and exposure for students interested in the trades but taking part in experiential learning (site visits) opportunities for counselors, staff, and students.
4. Create a running list of courses that Triton needs to run based on student interests.

Introduction to programs in T-Building:

Antigone and another Triton college rep (I failed to get her name) talked about the many different programs that are offered in the T-Building.

Welding Certification Program:

Two students that have taken part in the welding program at Triton came to speak to the counselors about their experience.

Building Tour:

The bulk of our meeting was getting a tour of the T-Building and seeing all of the different programs this program has to offer.
