

DVR Technology & Engineering Education Committee

Meeting 3- Wednesday, March 16, 2022 3:15 PM on Zoom

<https://oprfs-org.zoom.us/j/84153923697?pwd=d1NGY2ZCcjN1MHAyc3h0d3QyZW83QT09>

Our goal is to have at least 1 representative from each school at every meeting in order to facilitate communication and help support each school through our interactions with Triton, DVR, and the requirements of our programs in educating our students.

Architecture and Construction Technology (Architecture, Construction, Home Repair, etc.)

AGENDA

- Introductions, check-in on the year

- Curriculum discussion among all member schools and offerings

 - Current offerings, Enrollment for 2022-2023

 - Student opportunities/internships

- Dual Credit Opportunities and Enrollment or Certifications or Credentials

 - Career Pathway development

- Cross-curricular work in the TEE programs

- Action Items

 - Business Partners for Advisory Councils

 - Conference attendance- ITEEA attendees

- Future goals for each program among member schools

 - Equipment needs for each school

Attendees: David Weishaar (Riverside-Brookfield HS), Ryan VenHorst (OPRFHS)

Curriculum discussion among all member schools and offerings-

RB- Autocad design course and construction practices course continue

OPRF- Civil Engineering and Architecture course continues, traditionally offering 1 to 2 sections per year

Student opportunities/internships-

OPRF has partnered with Pepper Construction to offer “micro-internships” over the summer of 2022 allowing accepted students to learn more about the design and construction careers.

Dual Credit Opportunities and Enrollment or Certifications or Credentials

None offered through RB or OPRF

Career Pathway development

Continued discussions at OPRF are being held to create pathway endorsements. This is one of the areas where we hope to provide enough coursework, internship opportunity, and planned competitions with mentors to offer pathway endorsements for students.

Business Partners for Advisory Councils-

OPRF is teaming with Pepper Construction throughout the multi-year renovation to provide tours, speakers, and internship opportunities for students.
